fraud by wire

It is unlawful to defraud a telephone company by using the telephone number of another subscriber without lawful authority. Penalty: Fine of not more than \$1,000.00 or imprisonment for not more than one year.

avoiding payment for telecommunication services

It is unlawful to obtain or attempt to obtain telephone service or telephone credit number without valid authority. Avoiding or attempting to avoid payment for telephone services by use of any fraudulent scheme, device, means or method is prohibited by law.

profane, indecent, annoying, threatening or obscene telephone calls

The use of profane, indecent, or threatening language; or making certain false statements concerning destructive devices (Bomb call) is prohibited by law.

for your safety

The telephone is one of the safest appliances in your home or office. However, telephone users should be cautious in some instances:

- Do not use the telephone while you are in the bathtub, shower or swimming pool.
- Avoid using the telephone during electrical storms in your immediate area.
- If you suspect a gas leak, report it immediately but use a telephone away from the area in question.

Citizens Telephone Company

BREVARD, N. C.

GENERAL INFORMATION

BUSINESS TRANSACTIONS WITH THE COMPANY

On page one is shown information regarding the placing of long distance calls, securing numbers not listed in the directory, reporting telephones out of order and making emergency calls. Other matters, including business transactions, should be taken up with the business office either by telephone, personal visit or letter.

BUSINESS OFFICE

225 East Main Street, Brevard,
North Carolina, Telephone 884-9011

SERVICE APPLICATIONS, CHANGES AND DISCONTINUANCES

Applications for new service, changes, additions and discontinuances of service should be handled through our business office. A telephone call will, in almost every case, enable you to transact business promptly and satisfactorily.

BILLS AND PAYMENTS

Bills are rendered on the 1st of each month for local service in advance, for a one-month period from date of bill, and for long distance service for a one-month period through the 19th of the month preceding the month the bill is rendered for local service. Bills may be paid by mail or in person at our business office, 225 East Main Street, Brevard, North Carolina, or at First Union National Bank, Rosman, North Carolina.

TARIFFS

Tariffs which show rates, rules and regulations for telephone service and facilities are on file with the North Carolina Utilities Commission, and are available for public inspection at our business office.

TELEPHONE NUMBERS

The subscriber has no property right in the telephone number, and the Company reserves the right to change the call number or the central office designation associated with such number whenever it is deemed desirable in the conduct of its business.

MAINTENANCE

All ordinary expense of maintenance and repair, unless otherwise specified in the Company's schedules, is to be borne by the Company. If any instrument or piece of apparatus is destroyed or injured, otherwise than by unavoidable accident, the subscriber is to pay the actual cost of replacing or restoring the same to its original condition.

CUSTOMER TELEPHONE SERVICE CENTER

Repair problems involving telephone sets leased from Citizens Telephone Company can easily be taken care of at our new carry-in Service Center. Just call our repair service, explain the problem you are having, and we will tell you if the Service Center can take care of it. If it can, simply drop your telephone by and we will replace it. Certain problems, such as those in your telephone line, etc. will still require a visit by our repairman, but your waiting time should now be reduced. Hours: 9:00 am until 5:00 pm Monday through Friday. If you question whether the trouble is in your telephone set or in the line, a simple test is to unplug all the telephones and try each one in different jacks in your house, or you may plug these into a jack in a neighbor's house. Although we do not repair any customer-owned telephones, we will test them for you at no charge at our Service Center on Railroad Avenue.

INTERRUPTION OF SERVICE

When the use of service or facilities furnished by the Company is interrupted due to any cause other than the negligence or willful act of the subscriber or the failure of the facilities provided by the subscriber, a pro rata adjustment of the fixed monthly charges involved will be allowed, upon request of the subscriber, for the service and facilities rendered useless and inoperative by reason of the interruption during the time said interruption continues in excess of twenty-four hours from the time it is reported to or detected by the Company, except as otherwise specified in this tariff. For the purpose of administering this regulation, every month is considered to have thirty days.

RESPONSIBILITIES FOR MESSAGES

Subscribers are responsible for all charges for messages originating from or reversed to their telephones.

TELEPHONE DIRECTORIES

Loss of time and inconvenience by calling wrong numbers can be avoided by consulting the current directory before placing a call.

Between directory issues certain numbers do not appear in the current directory due to changes and new installations. These numbers may be secured by calling Directory Assistance 1 + 411.

Every effort is made to have listings absolutely correct. However, this Company is not liable for damages arising from errors or omissions in free listings. Its liability in the case of paid listings shall not exceed the charge for such listings during the life of this directory.

TELEGRAMS BY TELEPHONE

Telegrams may be transmitted to and received from the telegraph office by telephone. To send a telegram or cablegram, call Western Union Telegraph Company, 884-2152. By arrangements with the Telegraph Company, any telephone subscriber may have charges for messages received or sent by telegraph charged to his telephone and collected with his telephone bill.

USE OF RESIDENCE TELEPHONES FOR BUSINESS PURPOSES

Residence Telephones are installed with the understanding that they will be used for normal social or domestic purposes.

A Residence Telephone will be changed to business service, if used primarily or substantially for business purposes, or if the residence telephone number is advertised in connection with the sale of products or services, and the subscriber has no business service elsewhere within our system.

DIRECTORY ASSISTANCE CHARGING

Residence and most business customers have a five-call no-charge allowance each month for calls to Directory Assistance within their local calling area. Business customers with PBX service get five calls for each PBX trunk—those with Centrex service, one call for each main telephone.

Directory Assistance calls over these allowances are 20¢ each. Charges also apply to requests for numbers which are unlisted or which the operator cannot find.

Customers requesting assistance in obtaining telephone numbers of subscribers who are located outside their local calling area but within the state of North Carolina will be charged 60¢ for each request.

Customers requesting assistance in obtaining telephone numbers of subscribers who are located out-of-state will be charged 60¢ per call for each call in excess of a per-line allowance of two calls.

FOR YOUR PROTECTION

Our employees carry company identification cards. For your safety every Citizens Telephone Company employee is required to carry an identification card showing his or her name and a photograph. If you have any doubt whether people are from Citizens Telephone Company, please ask them to see their card.

Instructions for Custom Calling Services

Cp971.88

1987

Call Waiting

Lets you know someone else is calling when you're using the telephone. You hear a beep tone. If you ignore the first beep, there will be a second one in ten seconds. The party calling you hears only the normal ringing.

How to use it:

1. If you hear a beep and want to end the first call, hang up. Your telephone will immediately ring with the second call.
2. To answer the second call, press and release the receiver button quickly. The first call will be put on "hold" and you will be connected to the second call.
3. To return to the first call, press and release the receiver button again. You can switch back and forth between the two calls as often as you want.

Call Forwarding

Lets you transfer your incoming calls to any telephone you can dial-direct without Operator assistance.

How to use it:

1. To forward calls dial 72, then the # symbol; listen for dial tone.
2. Dial the number that will be accepting your calls. Call Forwarding is in effect when the party answers. At that time, you can tell them they will be receiving your calls.
3. If the line is busy, or there is no answer, hang up and repeat the first two steps. No answer is required to establish Call Forwarding on the second attempt.

4. Call Forwarding can only be cancelled from your telephone. To cancel Call Forwarding dial 73, then the # symbol. You will hear two beeps, then dial tone.

Notes:

While your calls are being forwarded, your telephone will ring briefly each time your number is dialed. You cannot answer the calls, but the ring is a reminder that Call Forwarding is still in effect.

If you forward your calls outside of your local calling area, you will be charged for any calls forwarded from your number to the distant number. For example, if you forward your calls to a number in California, the person calling you is charged for a call only to your number, but you are charged the rate from your number to the number in California.

While calls are being forwarded, you can still make outgoing calls.

Three-Way Calling

This service lets you add a third party to your existing conversation without Operator assistance.

Three-Way Calling can be used whether you have received or have placed the first call.

How to use it:

1. Press and release the receiver button to put your call on "hold." You will hear a special dial tone.
2. Dial the third person's number. You can talk before including the original caller.
3. To begin the three-way call, press and release the receiver button. All three parties will be on the line. (If the line is busy or there's no answer, you can return to the original call by pressing and releasing the receiver button.)

Notes:

If the original party hangs up, you can add another third party by repeating steps 1, 2 & 3.

To disconnect the third party, press the receiver button for about a second. Your line is then free to add a different third party by repeating steps 1, 2 & 3.

All parties are disconnected when you hang up.

Speed Calling

This service lets you call frequently called numbers by dialing only one or two digits. Speed Calling is available in either 8 or 30 number capacities. These numbers can be either local or long distance.

To enter or change a Speed Calling list of 8 or 30 numbers:

1. Select a one-digit code (numbers 2 through 9) for Speed Calling-8. Select a two-digit code (numbers 20 through 49) for Speed Calling-30.
2. Dial 74 for Speed Calling-8. Dial 75 for Speed Calling-30. Listen for dial tone. Depress the # button.
3. Dial the code you have selected and the complete telephone number it will represent. Be sure to dial the number as you would normally place the call including the Area Code if it's different from your own. Depress the # button.
4. To call numbers selected for Speed Calling, simply dial the one- or two-digit code you have selected, then press the "#" button.

Note:

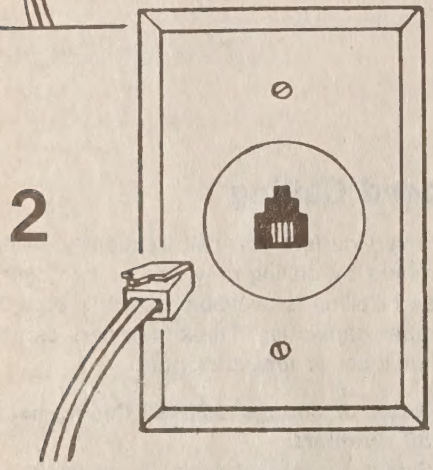

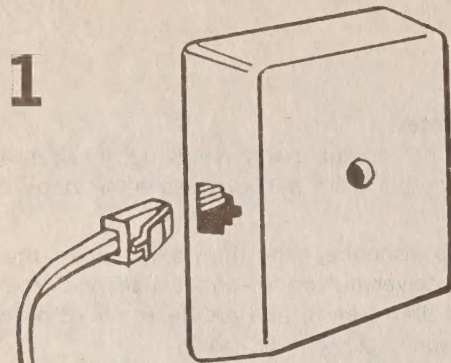

You will need to keep a current list of your Speed Calling numbers.

Tone-Dial

Make your telephone system more pleasant with Tone-Dial. Enjoy push button convenience in your home or office. It's a faster, more accurate way to place your calls.

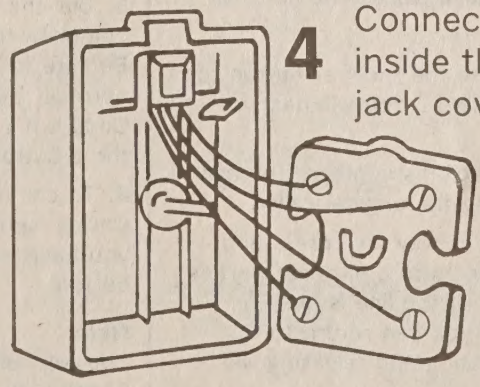

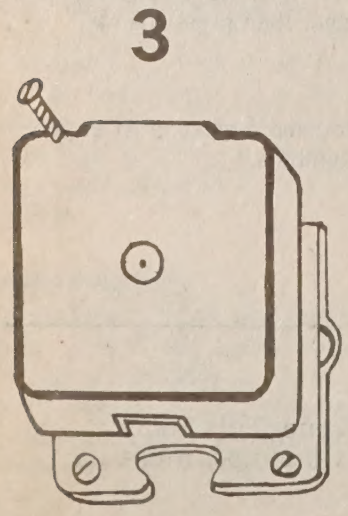

how to connect or disconnect your phone

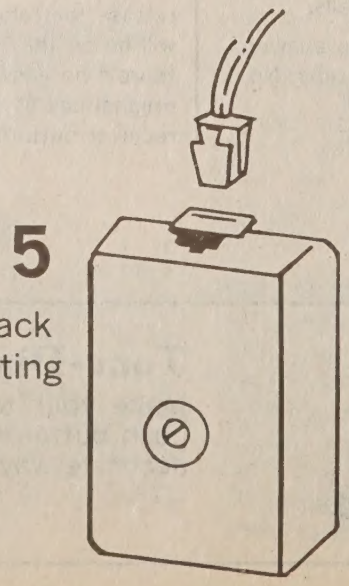

The illustrations to the left should be helpful to you when installing or disconnecting your telephones. Illustrations 1 and 2 show wall receptacles (standard jacks) which can accommodate modular telephone cords. To install your phone, match the plug at the end of the telephone with the receptacle and insert. To disconnect the phone, squeeze the clip on the plug and pull it out of the receptacle.

Illustrations 3 through 5 show receptacles (non-standard jacks) which can easily be converted to modular jacks with the use of a conversion kit. Kits may be purchased from Citizens Telephone Company.

Remove cover.

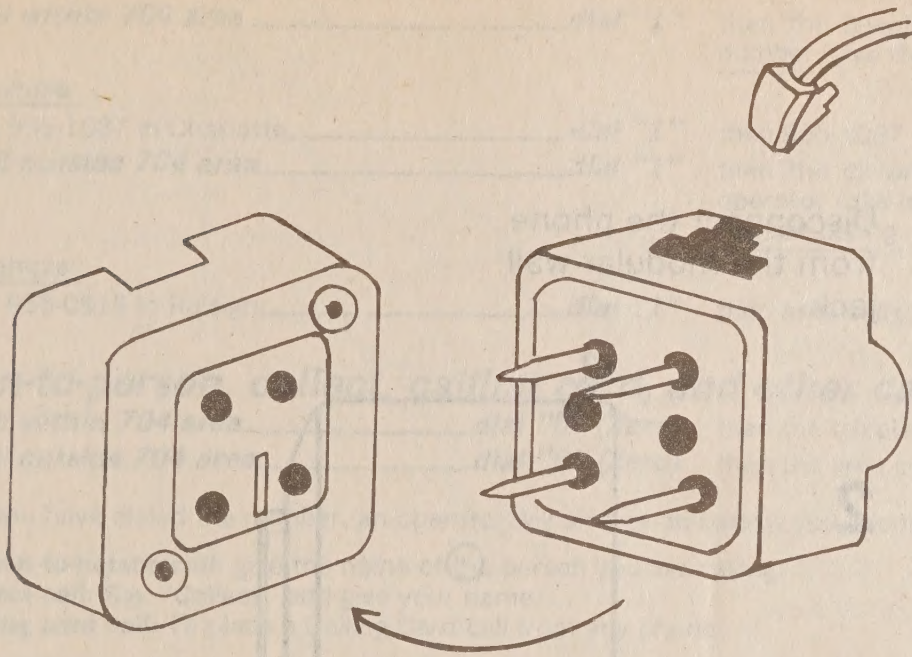

4 Connect the wires inside the modular jack cover.

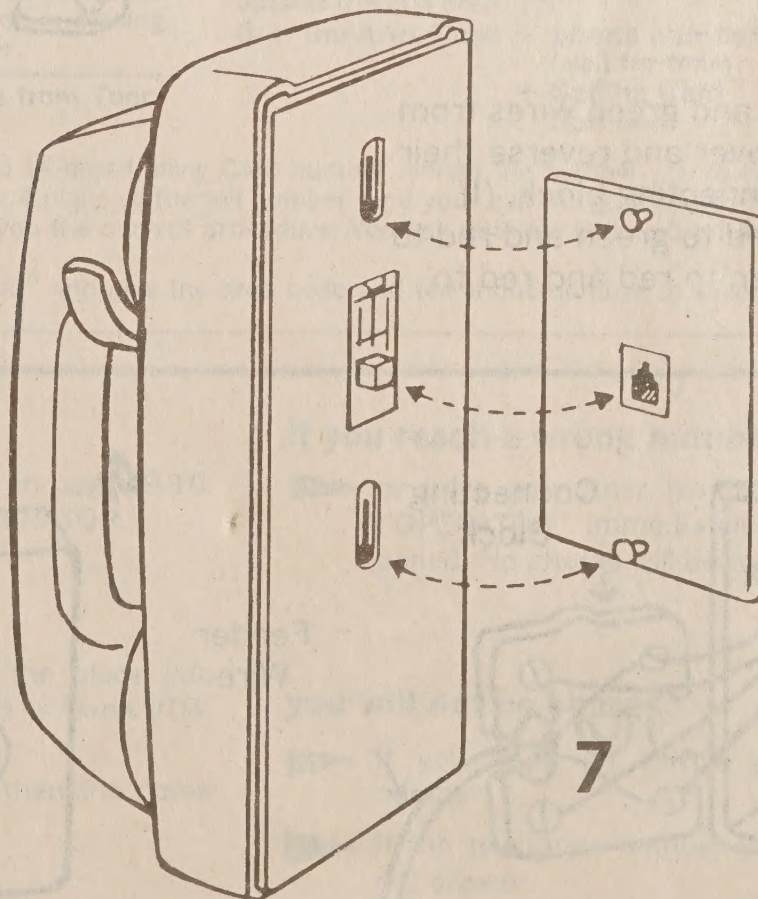

5 Position the modular jack cover over the connecting block and plug in telephone.

Illustration 6 shows a receptacle (non standard jack) which can accommodate modular cords through the use of an adapter. The adapter simply plugs into the receptacle. With the adapter in place, insert the plug as described on the previous page.

6

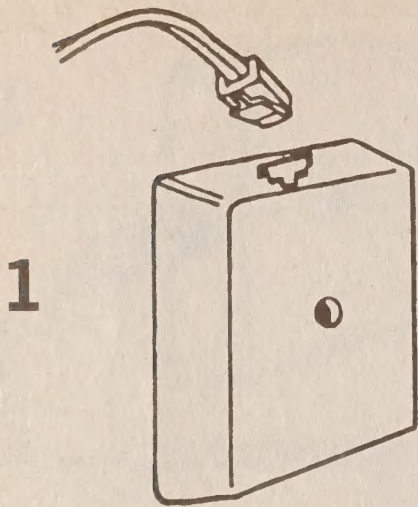

A receptacle for a wall-mounted phone is shown in illustration 7. To connect your wall phone, match the holes in the back of the telephone with the rivets on the wall mounting, push the phone lightly against the mounting while sliding it down into place over the rivets. To disconnect, slide the telephone up to lift it off the rivets, then pull the phone away from the receptacle.

7

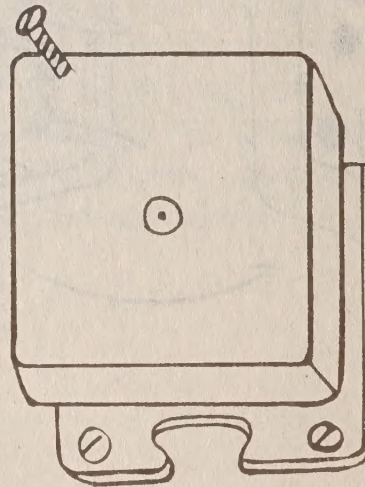

IF YOU PLUG IN A NEW TONE DIAL TELEPHONE AND CANNOT CALL OUT . . .

Disconnect the phone from the modular wall jack.

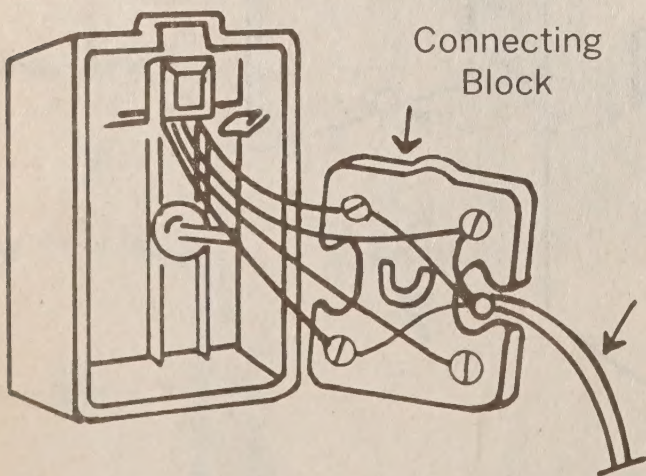

2

Remove the modular wall jack cover.

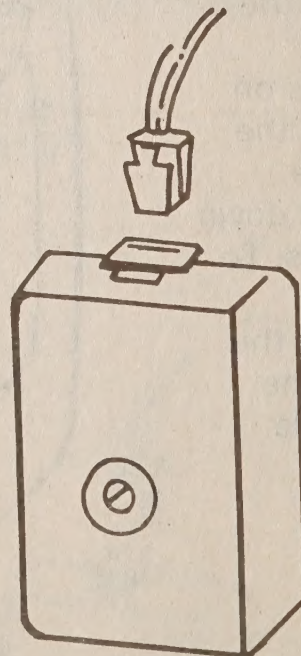

Disconnect the red and green wires from the modular jack cover and reverse their locations on the connecting block. (If green was connected to green and red to red, reconnect green to red and red to green.)

3

4

Replace modular jack cover and connect the phone.

long distance calls

station-to-station calls to be billed to the telephone from which you are calling.

to call within 704 area _____ **dial "1"** then the telephone number. If the operator asks for your number, give the one from which you are calling.

for example:

to call 955-1087 in Charlotte _____ **dial "1"** then 955-1087

to call outside 704 area _____ **dial "1"** then the distant area code and telephone number. If the operator asks for your number, give the one from which you are calling.

outside the 704 area, dial

0 + the Area Code + phone number

When the operator comes on the line say you're placing a Calling Card call and give your card number.

You are now able to dial Calling Card calls from Tone-Dial® phones without operator assistance.

When you hear the special tone dial your full 14-digit Calling Card number, unless the number you're calling is the same as the first 10 digits. In that case, dial only the last 4 digits of the full number, and your call will go through. If you happen to misdial, you'll get a recorded announcement telling you the correct procedure. You can obtain a Calling Card from your telephone business office.

call charged to another number: Say "Bill to" and give the area code and telephone number to which the call is to be billed.

within the 704 area, dial

0 + phone number

(wait for tone)

to obtain the distant area code

Area codes for frequently called cities are on pages 9-10. If the place you want is not listed, dial "OPERATOR."

to reach long distance directory assistance

▶ Dial "1", then the area code for the place you want, then 555-1212. For numbers in Area 704, dial "1", then 555-1212.

▶ Tell the operator the city or town, then the name or place you want.

to reach WATS directory assistance

▶ Wide area telecommunications service—dial "1" plus Area Code "800" plus 555-1212 to obtain numbers of those customers who offer incoming long distance calls without charge to persons calling from specific locations.

if you reach a wrong number

▶ or have any other trouble with your call... dial "OPERATOR" immediately and explain what happened. No charge will be made for the call.

you will not be charged

▶ If you hang up before you dial the complete number.

▶ If the telephone number you dial is busy or does not answer.

if you need assistance

Dial "OPERATOR" who will be glad to help you.

International Direct Distance Dialing—Puts the world at your fingertips. You can dial calls direct to the following countries:

Dialing instructions

Station-to-station calls

To dial international calls, dial in sequence

1. The International Access Code—011
2. The Country Code—a two- or three-digit number
3. The City Routing Code—a one- to five-digit number
4. The local telephone number
5. The “#” button—where telephone is equipped with Touch-Tone dialing.

For example:

To place a call to Frankfurt, Germany, to telephone number 123456, you would dial:

International Access Code	Country Code	Routing Code
011 +	49 +	611
+ 123456 +		#
Local number		button if Touch-Tone dialing*

*Touch-Tone dialing saves additional time by using this step.

Operator-assisted calls

To dial person-to-person, collect, calling card and billed to a third number international calls, follow the instructions given above but use “01” for the International Access Code. After the call is dialed, the Operator will come on the line to ask information such as the name of the person you are calling or your credit card number. After dialing any international call, allow at least 45 seconds for the ring to start.

Additional assistance or information

Dial “0” (Operator) if you need assistance:

1. To obtain a telephone number you don't know
2. To obtain City Routing Codes not listed in this section
3. For help in completing a call
4. For credit on a call on which you had difficulty e.g., reached a wrong number

To place a call to the Bahamas, Bermuda, Canada, Mexico, Puerto Rico and the Virgin Islands.

Calls to these points can be dialed in the same manner as long distance calls within the United States. Simply dial “1” plus the appropriate Area Code and the local number. Area Codes are on the map on page 14. Calls to Mexico can also be dialed using the International access code 011 or 01, for station-to-station or operator-assisted calls, the Country Code 52 and the eight digit Mexican telephone number.

Codes for many countries

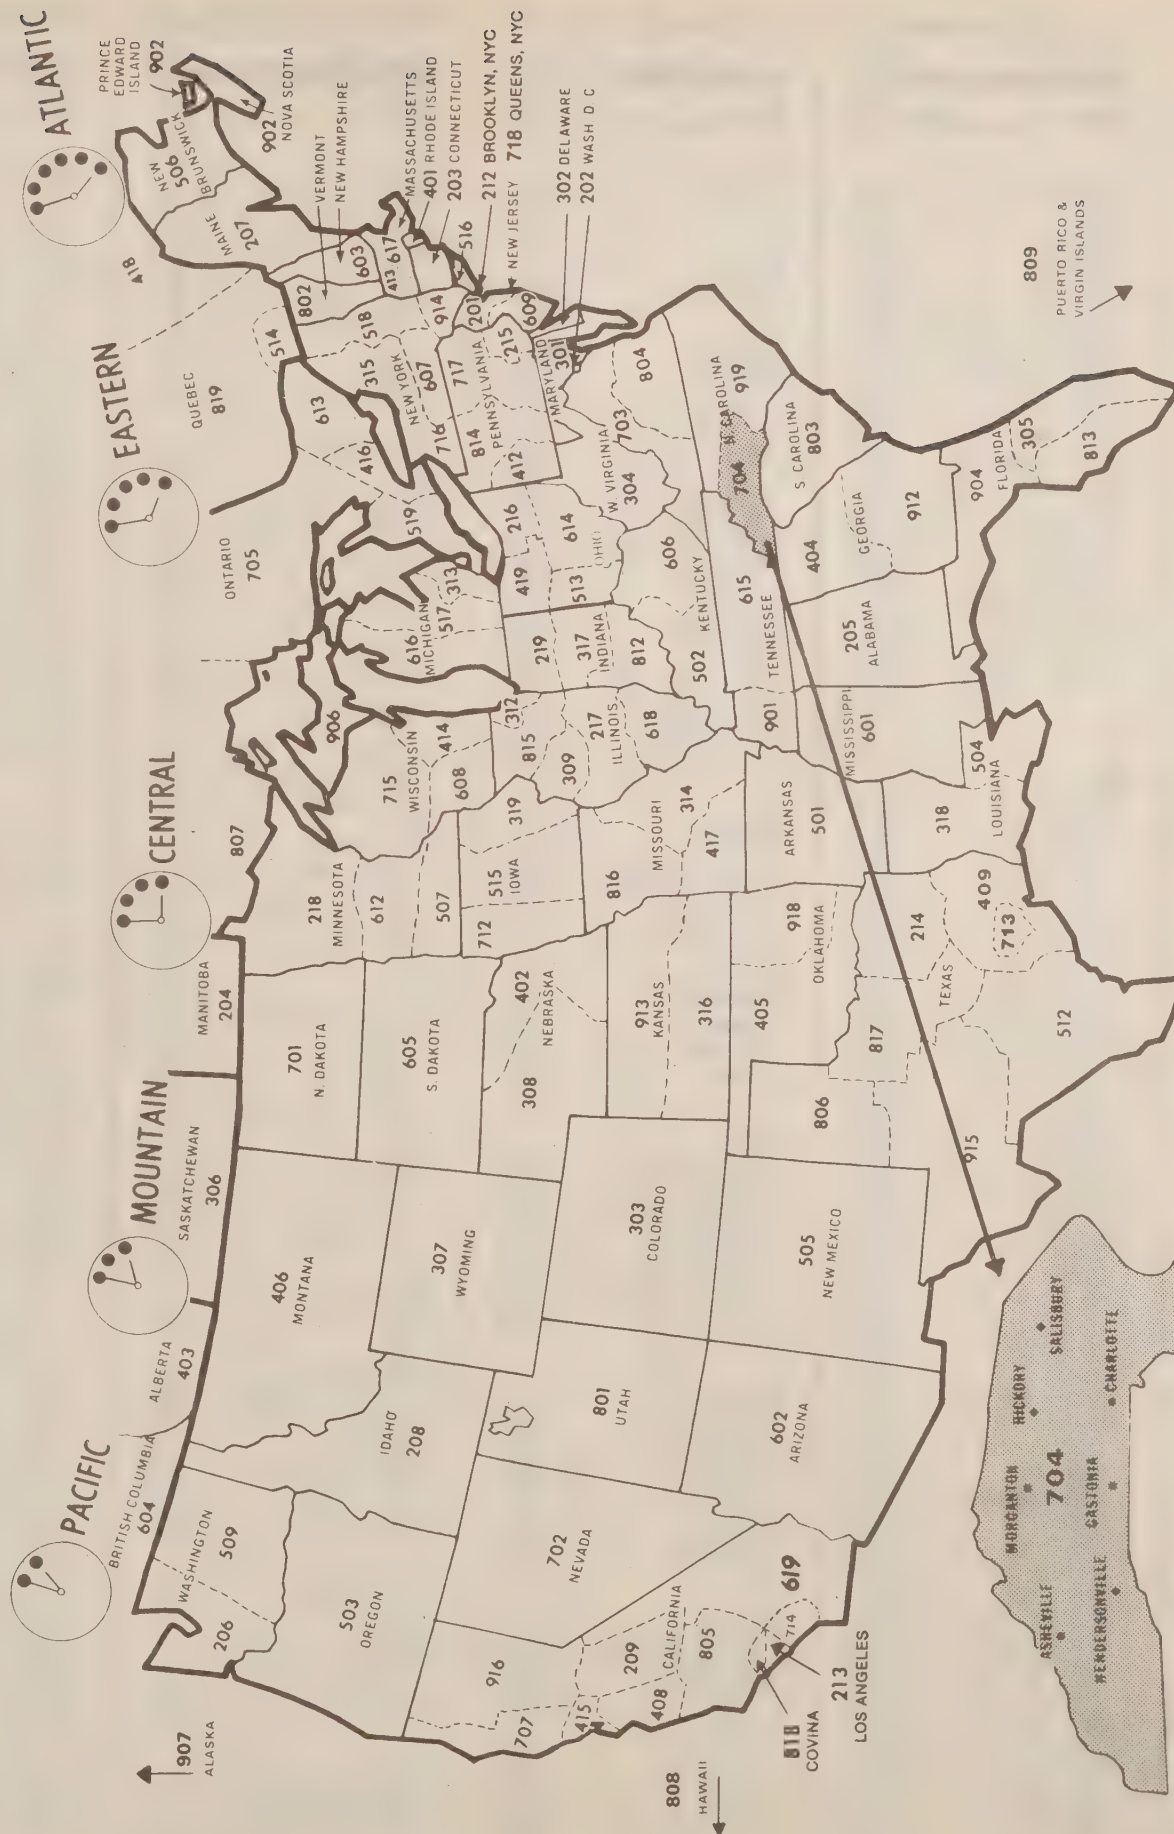

Numbers beside countries are “Country Codes” Routing codes are a part of the telephone number.

For all other international points not listed in this section dial “0” and tell the Operator the country you are calling.

area codes speed your long distance calls

The U. S. and Canada are divided into more than 120 telephone areas. Each area has a 3 figure area code. Your area code is 704 (see map). The area code of the telephone you are calling should be dialed or given to the operator if it is different from the area code of the telephone you are using. It should not be used if it is the same. (When placing call with operator, say, for example, "I want area code 311-555-2368.") When you give someone your telephone number, include your area code if he needs it to return your call. A list of selected area codes is on pages 5-9. Area codes for other places may be obtained from the OPERATOR.
